We will not provide specific pieces of PI if the disclosure creates a substantial, articulable, and unreasonable risk to (1) the security of that PI, (2) the individual's account with us, or (3) the security of our systems or networks. We will not disclose Social Security numbers, driver's license numbers, other government-issued identification numbers, financial account numbers, health insurance numbers, medical identification numbers, account passwords, and security questions and answers.

Once this request has been verified, the Privacy Office will begin to process your request.

9.2. Rights to Opt Out

Right to Opt-Out of the Sale or Sharing of Personal Information

We may disclose personal information in a way that constitutes a "sale" of personal information or "sharing" personal information for cross-context behavioral advertising.

Travel Centers LLC

You can request to opt-out of this “sale” or “sharing” of your personal information by clicking on the “Do Not Sell or Share My Personal Information” link [here](#) or by following options outlined below (“Instructions for Submitting Do Not Sell or Share Requests”).

You have the right to opt-out of the sale or sharing of the PI that PTC has collected on you. As used within the context of this Privacy Notice, “Sell” refers to the act of selling, renting, releasing, disclosing, disseminating, making available, transferring, or otherwise communicating orally, in writing, or by electronic or other means, the PI we have collected during the normal course of business, to another business or a third party for monetary or valuable consideration.

If you choose to exercise this right, PTC will refrain from selling your PI for a period of one year. After this period, we may contact you to obtain your consent to sell your PI.

We do not sell or share the PI of minors under 16 years of age without affirmative authorization where required by law. For more information, please view the Personal Information of Minors section in this Privacy Policy.

Instructions for Submitting Do Not Sell or Share Requests [or Right to Limit Use of SPI]

If we have a good-faith, reasonable, and documented belief that a request to opt-out is fraudulent, we may deny the request. In this scenario, we will inform the requesting party that we will not comply with the request and provide an explanation of why we believe the request is fraudulent.

10. Opt-out Preference Signals

An opt-out preference signal is sent by a platform, technology, or mechanism on behalf of website visitors and communicates that visitor’s choice to opt out of the sale and sharing of personal information for cross-context behavioral advertising with all businesses that recognize the signal, without having to make individualized requests. The signal can be set on certain browsers or through opt-out plug-in tools.

We recognize the Global Privacy Control signal and do so at the browser level. It does not apply to personal information we may collect offline or that we may associate only with your name or email address. This means that if the signal is sent through a specific browser, we will recognize it for that browser only, and

Travel Centers LLC

only with respect to the identifiers for that browser. If you would like more information about opt-out preference signals, including how to use them, the Global Privacy Control website has such information (<https://globalprivacycontrol.org/>).

Under the California Consumer Privacy Act, an Authorized Agent is defined as “a natural person or a business entity that a consumer has authorized to act on their behalf”. If you would like to designate an agent to act on your behalf, you and the agent will need to comply with our verification process. Specifically, if the agent submits requests to access, delete, or correct your personal information, the agent will need to provide us with your signed permission indicating the agent has been authorized to submit the request on your behalf. We will also require that you verify your identity directly with us or confirm with us that you provided the agent with permission to submit the request. We may deny a request from an Authorized Agent that does not submit proof that they have been authorized by the consumer to act on their behalf.

If acting as an Authorized Agent on behalf of a consumer, please contact our Privacy Office at privacy@pilotflyingj.com.
